How to Share the Shopping Cart - For Visitors

After adding items to the cart, you can share the cart with others. This allows you to share the products you've added, and the settings you've applied to those products, with others.

You can send it to friends and family or to the photographer. You can also send it to yourself to create a backup of the cart or to access the cart in another computer.

To share the cart, click on **Share Cart** at the top of the Shopping Cart.

A panel will appear where you can choose to send the cart to the photographer or send it to a friend (or anyone else).

After making your choice, fill in the appropriate fields then click **Share Cart**.

The screenshot shows the 'Yours Truly' website's shopping cart interface. At the top, the logo 'Yours Truly' is displayed in a stylized font, and the word 'Checkout' is in the top right corner. Below the logo, there is a navigation bar with '< Back to Gallery' on the left and 'Share Cart' in the center, which is highlighted with a hand cursor. The main content area is titled 'Shopping Cart' and contains two items under the heading 'Prints'. The first item is an 8" x 10" Standard Print with a price of \$11.45. The second item is a 4" x 6" Small Print with a price of \$1.45. A 'Clear Shopping Cart' button is located at the bottom left of the cart items. On the right side, a summary table shows the 'Item Total' for each item and a subtotal for 'Prints' at \$12.90. A 'Proceed to checkout' button is visible at the bottom right. A 'Share Cart' modal is open in the center, allowing the user to share the cart with a friend. The modal includes options to 'Send cart to Yours Truly' or 'Send cart to a friend', a text input for the recipient's email address (mycoolfriend@myhouse.com), a text input for the user's name (Ima Buyer), a text input for the user's email address (ima@buyer.com), and a text area for a message. The message text reads: 'Hello, I was shopping on Yours Truly website and would like to share my Shopping Cart with you.' A note at the bottom of the modal states: 'The actual link will be inserted at the end of the message'. At the bottom of the modal are 'Cancel' and 'Share Cart' buttons.

When the other party received the email about the share cart, it will contain a link that, when clicked, will add the same items that were in your cart to the recipients shopping cart. The items in the cart will automatically have the products' cropping and product settings applied to them.

Please note: if the gallery that contains the images has been locked with a password, the gallery must first be visited and the password entered before the recipient of the cart will be able to proceed with the order.
