

PRODUCT SPECIFICATIONS ~ CD BURNETT NATURE PHOTOGRAPHY

GENERAL NOTES

Formats – Each photograph is available in one format (aspect ratio) selected by the photographer.

Media, Sizes, & Prices – Most photographs are available in various sizes as fine art prints, gallery wrapped canvases, or digital downloads. Please see the Online Price List on the PDF's page for a complete list of prices by format, medium, and size.

Cropping & Artist's Signature – Most of the photographs are intended as works of art and have therefore been cropped and signed by the photographer. Please contact the photographer before submitting an order requesting different cropping or removal of the signature.

Color Calibration – All photographs have been developed on a color-calibrated monitor and all prints are made using International Color Consortium (ICC) profiles matched to the printer and media used.
